Beach and water activities: It's a unique underwater experience.

The jewel in Utopia's crown is its pristine, protected house reef. Whether snorkelling or shore-diving the breathtaking sights of the marine world await you just a few short flipper kicks from our beautiful, sun-kissed beach.

SUB AQUA DiveCenter™ (our on-site, underwater experts) can also whisk you by boat to one of the many other reefs and dive sites within the stunning and undamaged region.

Guest rooms: A room for everyone.

Utopia has over 300 Economy, Standard and Superior guest rooms, each one of which features air conditioning, satellite television, refrigerator and a balcony or terrace with garden, swimming pool or direct sea views.

From standard traditional Upper Egyptian bungalows and beach front rooms to spacious family superior accommodation there is, literally a room for everyone.

Utopia is a family owned and managed hotel. We like to think of our guests as an extension of our family and Utopia as their second home.

Cuisine and refreshments: Culinary delights prepared with loving care.

With three main dining areas Utopia offers its guests a multitude of culinary delights. From tables laden with traditional Egyptian buffets to à la carte European fine dining and special children's menus all tastes are catered for.

A choice of inclusive options and special one-off dining experiences enhance the excellent reputation of Utopia's catering team. Our Diver's Beach Bar provides the ideal location for an end of dive ice-cold beer, whilst night-owls can taste the delights of our traditional Shisha pipe or a late nightcap at the Shisha Café.

Entertainment and activities: Two weeks is never enough!

At Utopia we like to say that there is never a dull moment! Our vibrant program of entertainments and daily beach and pool activities (lead by our enthusiastic Animation and Kids Camp team) provide ample opportunity for everyone from the young to the young-at-heart to play in the sun and the three swimming pools including water slides and separate children's pools.

With day trips to the historic local town of El Quseir and further afield to the ancient wonders of Luxor and the Valley of the Kings there is more than enough to fill your days (and nights).
